

Pressure Blower WDH-DG19

Dear Customer,

Thank you for purchasing this appliance. To ensure that you enjoy this product, here are a few more tips:

In case of any problems:

We hope that the unit meets your expectations! If, despite the greatest possible care, there should ever be cause for complaint, please contact us briefly, as we are very concerned about your satisfaction and would like to clear up any misunderstanding.

Important safety instructions:

- Make sure that the air intake and the exhaust air are always free!
- Supervise the pressure blower when children or animals are near the unit !
- This pressure blower should only be operated by persons who have the necessary physical and mental capabilities to operate this device without any problems !
- Watch out for electricity, never walk into or insert objects into the appliance !
- Only qualified personnel or electricians are allowed to open the unit !
- Make sure that no moisture gets into the unit !
- Only use the recommended voltage for operating the unit !

Please switch off the unit immediately and disconnect it from the power supply if anything seems to be wrong! In this case, please contact a specialist and do not try to repair the unit yourself!

Voltage:	220-240V / ~ 50Hz
Power consumption:	1.000 W
Air pressure output:	1,900 Pa
Air duct diameter:	90 mm
Max. Air circulation:	1,200 m ³ /h
Speed:	2,800 rpm.
Protection class:	IP10
Noise level:	90 dB
Dimension (H/W/D):	465 x 235 x 420 mm
Weight:	12,5 kg

For the technical data, deviations are reserved !!!

Other

Warranty statement:

Notwithstanding the statutory warranty claims, the manufacturer grants a warranty in accordance with the laws of your country, but at least 1 year (in Germany 2 years for private individuals). The warranty begins on the date of sale of the appliance to the end user.

The guarantee only covers defects that are due to material or manufacturing faults.

Warranty repairs may only be carried out by an authorised customer service. To make a warranty claim, please enclose the original sales receipt (with date of sale).

Excluded from the guarantee are:

- Normal wear
- Improper applications, such as overloading the appliance or non-approved accessories.
- Damage due to external influences, use of force or foreign objects
- Damage caused by non-observance of the operating instructions, e.g. connection to the wrong mains voltage or non-observance of the installation instructions.
- Completely or partially dismantled units

Conformity:

The pressure blower has been tested and itself and/or parts thereof have been manufactured under the following (safety) standards:

CE (LVD) conformity and EMC conformity, of course.

CE (LVD) conformity tested according to: EN 60335-1:2012+A11:2014+A13:2017
EN 62233:2008

CE (EMC) conformity tested according to: EN 55014-1:2017
EN 55014-2:2015
EN 61000-3-2:2014
EN 61000-3-3:2013

Correct disposal of this product:

Within the EU, this symbol indicates that this product should not be disposed of with household waste. Waste equipment contains valuable recyclable materials that should be recycled and not harm the environment or human health through uncontrolled waste disposal. Therefore, please dispose of old appliances via suitable collection systems or send the appliance for disposal to the place where you purchased it. They will then recycle the appliance.

I wish you much pleasure with this appliance.
